

# Trimble PULSE

## VIDEO INTELLIGENCE

If a picture is worth a thousand words - a video is priceless. Trimble PULSE® Video Intelligence provides proof and protection whenever you need it, for what ever reason, where ever you are.

With a footprint of just 5.5" (L) x 4.8" (W) X 1.6" (H), you can mount the DVR almost anywhere - the dash panel, overhead storage compartment, doghouse, glove box- and it will take up minimal space. Bolstering a Wi-Fi capable, 4G LTE modem, you can rest assure cellular coverage an connectivity won't be a problem.

The DVR comes equipped with a 32GB SD card to retain high definition videos and has a second SD card slot for expandable storage. Additionally, it has two camera channel inputs, so you can capture the views you need.

### SOLUTIONS THAT USE THIS HARDWARE:

- ▶ Trimble PULSE Telematics

### Key Features

- ▶ Quick easy install and activation
- ▶ 4G LTE cellular coverage
- ▶ 720p High Definition video
- ▶ Two camera channel inputs
- ▶ Expandable storage

### DVR LTE

Channel Input	Two camera channel input
Modem Type	4G LTE Cellular/Wi-Fi
Video Storage	Two SD card slots, expandable storage
GPS	Supported
Operating Temperature	-20°C to 70°C
Power Supply	DC9-28v
Ignition	Virtual and channel ignition signal
Sleep Delay	Configurable up to 12 hours
Compression	H.264
Internal Power	Two supercapacitors

### ACCESSORY OPTIONS

- Power Cable - Straight Cigarette Adapter
- Power Cable - Deutsch Pass-through
- Power Cable - Straight with OBD II

### 720p HD mini-camera

Resolution	720p
Effective Pixels	1280 (H) x 720 (V)
Frames per Second	12 FPS (configurable)
Viewing Angle	150°
Audio	Configurable
Image Compression	H.264
WDR	120dB
Power Supply	DC12v
Operating Temperature	-20°C to 70°C
White Balance	Auto

### ACCESSORY OPTIONS

- 32GB, 64GB, 128GB Industry Grade SD card
- Rear-facing 720p HD mini-camera with IR
- Dual Lock Hook & Fastening Tape

## About us

Trimble Field Service Management provides visibility into field and fleet operations so businesses can streamline efficiency and increase productivity. The Field Service Management suite includes fleet management, work management and scheduling, worker safety and mobility solutions that transform the effectiveness of work, workers and assets in the field. The cloud-based portfolio allows Trimble to offer customers industry-specific, enterprise-level solutions for exceptional performance and ease of use.
